Professional Experience

ENGINE PROGRAMMER INTERNSHIP

Oct. 2025 – Apr. 2026

MINDARK, GOTHENBURG, SWEDEN

During this internship I developed complex asset pipeline systems for the company using C++ and the Vulkan API.

GAME DESIGNER INTERNSHIP

Jan. 2025 – May 2025

FUNROCK & PREY STUDIOS, GOTHENBURG, SWEDEN

During this internship I learned how to work and develop games with UEFN within 5 months.

TEACHER ASSISTANT IN DESIGN AND CONSTRUCTION OF DIGITAL GAMES

Jan. 2025 – Mar. 2025

CHALMERS UNIVERSITY OF TECHNOLOGY, GOTHENBURG, SWEDEN

During this part-time job I deepened my teaching skills and improved my quality control skills when it came to evaluate the student's projects.

TEACHER ASSISTANT IN ADVANCED REQUIREMENTS ENGINEERING

Aug. 2024 – Nov. 2024

CHALMERS UNIVERSITY OF TECHNOLOGY, GOTHENBURG, SWEDEN

During this part-time job I learned to manage multiple groups of students and teach them the essential techniques for requirements elicitation and the prioritization of the data gathered.

TEACHER ASSISTANT IN DESIGN AND CONSTRUCTION OF DIGITAL GAMES

Jan. 2024 – Mar. 2024

UNIVERSITY OF GOTHENBURG, GOTHENBURG, SWEDEN

During this part-time job I learned to teach students and give advice on the games they created.

FUNCTIONAL ANALYST

May 2019 – Aug. 2019

PESQUISA E MÉTODOS, GAIA, PORTUGAL

During this full-time job I developed multiple one-month long C# projects where I had to learn new techniques for each. Furthermore, I deepened my SQL skills and was charged with client elicitation and translating that data so the programming team could create the desired product.

Education

MASTER'S IN GAME DESIGN AND TECHNOLOGY

Aug. 2022 – Jun. 2025

GOETHENGURG UNIVERISTY, GOTHENBURG, SWEDEN

ERASMUS IN GAMES AND ENTERTAINMENT TECHNOLOGY BACHELOR'S

Aug. 2021 – Jun. 2022

NORD UNIVERSITY, LEVANGER, NORWAY

BACHELOR'S IN DIGITAL GAMES DEVELOPMENT ENGINEERING

Sep. 2019 – Jun. 2022

INSTITUTO DO CÁVADO E AVE, BARCELOS, PORTUGAL

Additional Information

- ITCH.IO Publications: <https://quickbolt.itch.io/>
- Awards: "Best Game Idea" award at the 2021 IPCA game jam; "Most Fun Game" award at the 2023 Gothenburg University Spooky game jam;
- NORD university: During my stay I worked on "GameLab", a job simulation class that involved working with a team to develop a game. Some aspects of it: weekly team and executive meetings with teachers/guests from the game industry, pitching, prototyping, designing, coding, etc.
- Hobbies: image editing in Photoshop, drawing, creating games in Unity, playing and analyzing tons of video games, listening to the grooviest music, hiking and camping.
